# LAMINATE VERDE

Verde features handsome proportions, subtle and precise details, and compact scale.

With a coordinated suite of desking for offices and reception, guest seating, conference tables and an array of storage solutions, Verde represents best in class construction. Wear resistant WoodTouch™ laminate, with the look and feel of "open pore" bamboo, is finished in deep espresso or rich latte. Aluminum accents, back painted white glass, and integrated wire management complete Verde's refined aesthetic.

VENEER

**EMERALD**  
**RUBY**  
**JADE**

Cherryman Veneer bridges traditional and transitional styles for an impressive look with scalable solutions for Private Office, Conference and Reception. Premium grade veneers are protected for durability and clarity, enhancing the natural beauty of the wood. All storage components are fully finished in matching veneer. The Ruby line features a radius edge profile with Cherryman's signature paprika cherry finish. Jade series has a reeded hardwood edge detail and is finished in chestnut cherry or henna mahogany with optional frosted white glass accents. The Emerald series surfaces feature an ebony inlay border with a figured inset and traditional crown molding finished in satin mahogany or buffed high luster cognac cherry.

**OPTIONAL TEXTILE PROGRAM FOR SEAT CUSHIONS**  
 Cherryman partners with CF Stinson, Maharam and Momentum to offer 6-day carded and 10-day non-carded optional textiles as well as COM for all task & guest seating. Please go to [www.cherrymanindustries.com/resources](http://www.cherrymanindustries.com/resources) for program details.

#### SUSTAINABILITY

We recognize the impact products have on the environment and are committed to sustainability as a guiding principle in our business. Cherryman uses renewable and recycled materials in our products and processes wherever possible.

#### CARB COMPLIANCE

Cherryman's products meet the California Air Resources Board Composite Wood Air Toxic Control Measure Standard. The C.A.R.B. rule mandates the strictest formaldehyde emission levels in the world on all composite wood products sold in California.

#### RECYCLED MATERIAL

Amber LPL is constructed of particleboard cores manufactured from recycled post-industrial material and uses recyclable aluminum and glass.

#### LED LIGHTING

LED lighting reduces energy consumption. Lower energy use means less fossil fuels are used and less Co2 emissions enter the atmosphere. 50,000 hour LED lamp life is equivalent to 30 years of service free usage.

**We recognize the impact** our products have on the environment and are committed to sustainability as a guiding principle in our business.
