

A photograph of a modern office interior. In the foreground, a woman with long brown hair, wearing a blue long-sleeved top and grey trousers, sits on a white leather sofa, smiling and talking to a man in a bright green shirt who is seen from the side. A tablet rests on the sofa between them. In the background, a man in a blue plaid shirt sits at a glass desk, writing on a notepad. The office has large windows, a grey carpet, and contemporary furniture. A purple square with the 'ofm' logo is overlaid in the top center.

Have you ever wanted to see how OFM furniture and accessories will fit in your office while sitting at your desk? Now you can, with the click of a button.

OFM is the only manufacturer with its entire product line in-stock and available through 20-20 Technologies office design software. Users can browse our entire product library and arrange their space with specific chairs, tables, workstations, and more. After laying out a space, the user can then create comprehensive reports, including bill of materials, customer quotes and vendor purchase orders.

do it yourself or OFM can do it for you

Find the products you want and do it yourself or let OFM do the work for you. Either way, we want to make it easy for you to get OFM furniture in your space.

Discover how OFM can help you with your space planning needs at www.OFMinc.com/ofm-room-design.asp

ofm **GRADE-IN & COM PROGRAM**

While we understand the value of being able to ship our products the same day they are ordered, we also realize that our in-stock finishes are not always the proper fit for some projects. Allowing designers, specifiers and ends users to collaborate and choose the upholstery to

be applied to our products is sometimes more important than getting them fast. Choosing Grade-In or COM fabrics is an important process that allows for the creation of unique color combinations that put the finishing touches on projects.

OFM has revised its Grade-In & COM program to improve the ordering process and provide more options at better pricing. We now have patterns graded from 5 major upholstery companies for an even wider selection. Please visit our website or contact an OFM sales representative for a full list of the upholsteries offered along with their grades and the pricing of the models offered in those grades.
