

SIGNATURE SERIES

ALL-NEW MANUFACTURED SYSTEMS

OPS AT A GLANCE

OUR MISSION

Open Plan Systems strives to provide you with quality new manufactured office design options, but at a fraction of the cost of larger manufacturers. With our low panels, open or freestanding layouts, benching, tile or modular walls, our selection of classic and modern designs are sure to fit any office environment needs. In addition, we are also a leading distributor of seating, storage and accessories. We are passionate about keeping our customers satisfied by providing them with unparalleled service, quality and savings.

CERTIFICATIONS

UL-APPROVED

We take an active interest in the safety of your workplace. Every fabric we use is Class A fire rated and our new products are approved by Underwriters Laboratories Incorporated. Many insurance policies have clauses limiting the insurance company’s liability in the case of a claim due to the failure of a non-UL-listed device. Protect your investments by making sure the product you buy is UL, BIFMA, and NEC-Approved.

SWAM

Through the Virginia Department of Minority Business Enterprise, Open Plan Systems is certified as a small, woman owned business.

WARRANTY

All of our new system products are covered by a limited lifetime warranty for the original purchaser. Our Elevation Series seating is covered by a lifetime warranty on components for the original purchaser. Our Value Series seating is covered by a 10-year warranty on components and a 5-year warranty on foam/textiles for the original purchaser. See our Warranty Statement for additional details.

OVERVIEW

Open Plan Systems manufactures all-new product made to major manufacturer standards, but at value pricing. Choose from our all-new systems options and select among our Grade 1 or Grade 2 finishes. Our Grade 2 finishes provide you the most variety and options, while our Grade 1 finish options provide you additional savings. Whether choosing Grade 1 or Grade 2 finishes, our All-New Signature Series guarantees quality manufactured product at unbeatable savings! With our UL Listing and limited lifetime warranty, we ensure the same quality standards as major manufacturers but offer our all-new manufactured products at a fraction of the cost!

- Notes:
- XPand System is not included in Grade 1.
 - Pedestals, Lateral Files, Surfaces and Components are discounted at Grade 1 pricing only when purchased with panels using Grade 1 finishes.

XPAND SYSTEM

WELCOME TO THE MODERN AGE

XPand is the newest addition to our Signature Series and proves to be our most modern and customizable option to date! This system contains our XPand Reach benching division as well as XPand Up, consisting of our Adjustable Height Tables.

Enjoy the flexibility to create workstations that best suit your business: from interchangeable storage and accessory options to stations which range from stationary workspaces to stations with adjustable heights.

RAZOR SYSTEM

EDGES JUST GOT EVEN SHARPER

Our Razor System is the cutting edge of thin base designs. It gets its name from its sleek, sharp edges. With its square connectors, flush base and razor-sharp design, this system is the future of modern offices.

SHARP, CUTTING EDGE DESIGN

Our sleek Razor System creates a modern designer look at value pricing. Enjoy the flexibility of **Razor Tile** and **Razor Panel** options. Combine these options with desking, accessories, storage or seating to create a chic, complete office design.

WHAT ARE YOUR POWER OPTIONS?

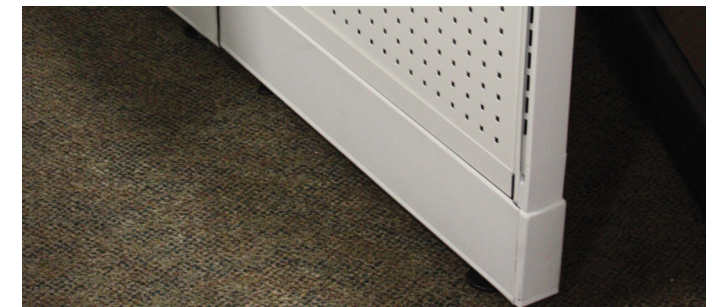

Although our Razor System is part of our Signature Series, the Razor System utilizes Version 1 Power. Please see our Razor System brochure for additional details.

OPS2 TILE SYSTEM

AS THE WORK PLACE CONTINUES TO EVOLVE, SO SHOULD YOUR WORKSPACE!

Our OPS2 Tile System gives you the flexibility and adaptability to create your desired business setting of today and affordably evolve with the future.

Employing the original open-plan concept, create a designer look at a budget price with the all new OPS2 Tile System. **This product is fully compatible with existing workstations and accessories of our OPS2 Panel System.** Enjoy being able to integrate your existing stations with a true tile system. This design is engineered to save space and adapt by using interchangeable components. True stacking along with glass, open frame tiles, fabric, laminate and perforated tiles.

Our OPS2 Tile System is truly a guaranteed investment!

DESKING SYSTEM

MAKE YOUR WORKPLACE MORE FLEXIBLE WITH OUR DESKING!

Our metal desking system offers more options and flexibility in the workplace. With the variety of low storage options, paired with coordinating legs and overhead choices, this system proves exceptionally functional and can be easily integrated into any environment.

The many configurations allow a personalized workstation that can suit any application – private, semi-private, open plan, benching and so much more! The practical functions and low cost offering of our desking truly create a value added option for all businesses.

LESS IS MORE

With the smaller scale of our desking system and added low storage options, the possibilities are practically endless on creating a functional and efficient workspace. The variety of finish selections, clean design and layout options provide a more contemporary look for any office environment.

Our metal desking system comes standard with a full pull and square legs. Low Storage comes standard with a metal top and wire management. An optional laminate or cushion top is also available.

MODULAR WALLS

THE COLLABORATIVE WORK ENVIRONMENT REINVENTED

In a collaborative work environment, modular walls allow for the open plan concept paired with the management of noise and distractions. Create a new conference room or private office at a fraction of the cost of alternative solutions. Add space to existing

buildings with new floor to ceiling modular walls and doors that accommodate ceilings up to 9 feet high. The optional ceiling channel trim adds the finishing touch to floor-to-ceiling modular walls. With finish offerings of fabric, acoustic and laminate panels, we are confident you will be satisfied with the quality and value of our modular walls. UL Listed with a Class A fire rating.
